thus Rs 2431-10-8 as arrears overdue. If the instalments repayable to Government be ordered to be reckoned commencing from the year 1903-04, as often urged by the members of the Bank, the amount paid will cover the amount due by the members. In this connection I have called for a report from the Deputy Commissioner of Mysore in my Review of the last inspection report of the Bank (copy of which is herein enclosed for reference) and I shall make a reference to Government on receipt of his report. Till then I should recommend that further coercive measures for recovery of dues from the members may be ordered to be stayed and the Bank members exhorted to do their best in the meantime for the collection of arrears due to Government.

2 It is necessary at the same time to have the lands of the members appraised afresh by the local revenue authorities in order to make sure that they are sufficient security for the balance of the loan repayable to Government. As far as I can see there does not seem to be any legal provision or order to the effect that loans advanced by Government to these Banks shall constitute a charge on the landed property of the members and there is nothing to prevent the bulk of such property silently and fraudulently being alienated thus jeopardising Government interest unless a constant watch is exercised by the Taluk authorities over the property of the members.

Official Memorandum

Subject

The report of Mr. S. Vaidyanatha Iyer Sub Division Officer, Nanjangud Division on his inspection of the Agricultural Bank at Chamarajnagar on the 14th and 15th of November 1906.

&&&&&&&&&&&&&&&&&&&&&&&&&&&&&&

The report does not throw any light on the nature of the guarantee if any which the Bank has obtained or which the rules of the General Assembly afford against alienations and relinquishments of lands by members prejudicial to the Bank's interests. The attention of the inspecting officer is drawn to this omission.

2. As regards the request of the Bank that it may be allowed to repay the instalments of Government loan commencing from the year 1903-04 instead of from the year 1902-03 as ordered by Government the Deputy Commissioner's report is awaited, as also that of the Inspector of Agricultural Banks.

3. In the statement of receipts and expenditure showing the general results of the Bank's transactions two separate sub heads viz "interest to depositors" and "interest to members" are shown under "expenditure". The necessity for this distinction should be explained.

4. While in the statement referred to above a sum of Rs 64992-0-0 is shown against "To members, loan" under "expenditure" the statement showing the amounts obtained and spent by the members for various purposes gives a total of Rs 65013-0-0 under "amount obtained". It is not clear how the difference is accountable for. Perhaps the latter includes certain trifling sums given to members by way of meeting stamp charges etc which ought to have been but are not, added to the former amount. This should however be explained.

5. The value of property of all the members of the Bank

as

as per latest authenticated list is stated to be ₹1,39645-0-0 in para 7 of the report; and this same amount is given for the value of the property mortgaged to the Bank in para 13 of the report. It should be explained whether all the property owned by the members has been really mortgaged to the Bank.

6. The surplus of the Bank is stated to amount to ₹14255-3-3 up to the date of inspection. As the amount is very large there is reason to fear that the meaning of the word "surplus" has not been properly understood. In fact a rough idea of the surplus of the Bank can be formed from the following particulars of accounts prepared from the statement of receipts and expenditure given in para 11 of the report:

A	Receipts and liabilities	
	(1) Balance of loan due to Government	₹25765- 0- 0
	(2) Deposits	1963- 3- 3
	(3) Net receipts (i.e. interest etc received from members less interest paid to Government and depositors and other miscellaneous charges)	2721-10- 8
		30449-13-11
B	Assets	
	(1) Loans due from members	30444- 5- 7
	(2) In cash	5- 8- 4
		30449-13-11

In this connection the attention of the Inspector of Agricultural Banks is drawn to the necessity for prescribing a suitable form for showing the assets, liabilities, and surplus at the close of every half year. Further as there seems to be no uniform principle underlying the formation and investment of the Reserve Fund by the various Agricultural Banks the Inspector will submit his views in the matter together with any draft rules which may be framed for the guidance of the Banks.

7. The Inspector's proposals are also awaited for revising the rules regulating the grant of loans of I class to members so as to prevent the greater bulk of the funds of the Bank being locked up in these loans of long duration.

8. It is satisfactory to note that the report discloses a steady fall in the amount of loans overdue from members to the Bank; and the Revenue Commissioner ventures to hope that there will be a clean sheet in the near future.

Camp Begur -

No. 312.

His docket No. 613 dated 28th August last forwarding petition of Srinivasa Varadachar and other members of the Agricultural Bank at Chamarajanagar and calling for a report on the allegations made therein.

In reply to the above, I have the honor to state that the Amildar of the Chamarajanagar Taluk was directed vide this office Purkum No 95 dated 4th September last, to take no further steps towards the recovery of the amount due till orders are passed on the report called for in the docket under reply and begs to report as follows.

follows on the allegations made in the petition.

1. The Bank was started in the month of April 1899 with a Government loan of Rs 35,000/- It would appear from the records of the Bank that at the outset it was agreed by the then Deputy Commissioner that the Government loan should be repaid in the 9th and the 10th years in two equal instalments but that subsequently i.e. on the 10th November 1902, this agreement was cancelled and the repayment was ordered to be made in 12 equal instalments Commencing from the year 1902-03. The Bank protested against this order and prayed, that, should the loan be repaid as above, instead of in 2 equal instal-ments as originally ordered the repay-ment might be ordered to Commence from the year 1903-04 instead of from 1902-03. Government declined to grant this prayer and stuck up to their original orders. This was communicated to the Bank in January 1904. In Conformity

with this order the Bank ought to have paid up 4 instalments by the end of June 1906, i.e. Rs 11,666-10-8. But the Bank has paid up only Rs 9235/- (Rs 485/- in excess of three instalments) the balance being Rs 2431-10-8. The Bank now promises to pay up the balance of the Government loan i.e. Rs 25,765/- in 9 equal instalments of Rs 3000/- each. If this prayer is allowed, the Bank says that the full discharge of the loan will have been effected in twelve instalments as directed by Government, but the undersigned would not recommend it.

2. Government having ordered the withdrawal of the loan granted to Messrs Skanadasan and Dorasamiengar (father and son respectively) the Bank has recovered Rs 1250/- and credited the amount to the Treasury towards the repayment of the Government loan and promises to recover the balance viz Rs 750/- at an early date.

3.

3. That bad seasons and the prevalence of plague in previous years tended to increase the no: of defaulters, is another excuse made by the Bank in their petition. This may to some extent, be admitted to be true, but the members could have thought with some difficulty managed to pay up the dues if they had been diligent enough.

4. As regards want of deposits from outsiders the Bank says that it is not to blame as the rate of interest allowed by the Bank is far below that available in other private money dealings. This may be true as intending depositors can realize a larger rate of interest elsewhere.

5. The Bank ought not to have appropriated the reserve fund for granting loans to members while they had not fully paid up all the Government instalments. The orders of Government denouncing this practice was communicated to them and no such unwarranted transactions seems to have taken place subsequently

Sir,

I have the honor to submit herewith the records ending with the Chamarajanagar Taluk Amildar's report No 524 of the 4th instant from which it will be seen that the allegations contained in the anonymous petition are not true and that the properties offered by Agent Hammanthia and others were duly inspected and valued by the then Tahsildar Mr Krishnappa and found to be good securities for the loan.

As regards the difference in the No

of instalments, it has to be submitted that on the 13th February 1906, when the Bank was inspected by the undersigned the members preferred a statement praying to be allowed to pay off the balance of Rs 29,165/- by ten (10) instal-ments of Rs 3000/- Their request was submitted to the Deputy Commissioner with No 534 dated 10.5-1906, but no orders have been received on the subject yet. Subsequently at the inspection of the Bank in November last, it was found that the Bank had paid Rs 3400/- and hence the undersigned was naturally led to presume that sticking to their original promise they owed clear off the remaining sum of Rs 25,765/- in the remaining 9 instalments. But now examined by the Arbitrator they again want 10 instalments which seems to be a favorite phrase with them. If their present prayer be granted the total number of instalments would be 13, exceeding the original concession granted them

by government by one instalment.

No: 2067 R.F. Dy Bangalore
10th Nov 1902

Mysore District
Chamarajapuram
Bank. In Govt order No: 2613-
R.F. 122-97, dy 27th September
1898, the Directors were
requested to give a reasonable
time, with liberty to pay
for repayment in suitable
instalments. No yearly
instalment was fixed,
but the total advance

of Rs 35000 was stipulated
to be paid within 10 years
one half of the loan being
paid in the first year and
the other half in the year
following. Govt would
rather not break the
Bank differently from
the others. The Bank
should interest upon its
members the desirability
of repayment the loan
in 10 or 12 equal annual
instalments commencing
from 1902-903. This would be
in the Banks own interests as well

as in those of the borrowers.

To

The Dy. Comr. Mysore &
a Revenue Commissioner in Mysore

vvr

The Rev Comr. was requested to favour Govt with the opinion on the prayer of the petitioners & stated that he has called for a report from the Dy Comr. regarding the year from which the instalments repayable to Govt should be reckoned and pending that further reference to Govt in the matter recommends that further coercive measures for recovery of dues from the members may be ordered to be stayed and the Bank & members exhorted to do their best in the meantime for the collection of arrears due to Govt. This recommendation is approved and the early submission of the promised report is awaited.

2. The Rev Comr. is requested to arrange for a fresh valuation by the local Revenue authorities of the lands of the members to make sure that they continue to be sufficient security for the balance of the loan repayable to Govt
